School Rebate Program Continues to Benefit Local Schools

Dobson, NC – September, 2008 Local schools continue to reap the benefits of their participation in the Carolina West Wireless and Surry Telephone School Rebate Program. Partnering with local schools, the two local telecommunication companies created The School Rebate Program to assist schools in raising additional funds.

Carolina West Wireless customers are encouraged to select the school of their choice and Carolina West Wireless then donates 3% of the customer's monthly service fee to that school. The funds donated by Carolina West Wireless may be used as determined by the school at no cost to the school or customers to participate in the program.

“When our schools succeed, we all succeed,” stated Melanie Senter, Marketing Manger for Surry Telephone. **“The School Rebate Program is a free program that has a far reaching impact. We want to encourage those in the community who have not signed up, to please help the local school of their choice.”**

The program was introduced in 2005 and since that time over \$120,536 has been donated to schools throughout the Carolina West Wireless Service area. For more information on the School Rebate Program or to sign up, visit Surry Telephone or contact 336-374-5000.
